

- A. In your opinion, why did they choose to project the setting from below rather than from above?
- B. Because in the Arena it is not possible to project anything from above since the building hasn't got the roof.
- A. Can't they project the setting by means of some drones?
- B. No, because drones are too noisy.
- C. In my opinion, the actual reason for which reason why they did not project the setting from above is another one: to get rid of shadows.
