FORMA INTERROGATIVA DEL PERIODO IPOTETICO (con particolare attenzione a quello *di secondo tipo*)

Nelle domande che contengono un periodo ipotetico è soltanto la frase principale, ossia quella introdotta da *WOULD/WOULDN'T*, a prendere la forma interrogativa.

Questo è una fortuna, in quanto per trasformare la frase principale da affermativa ad interrogativa è sufficiente spostare il verbo modale *WOULD*, il quale funge da ausiliare, a sinistra del soggetto.

Vediamo subito un esempio...

FRASE PRINCIPALE

AUX SOGG VERBO

E.g. What would you do if you were really rich?
= Che cosa faresti se tu fossi veramente ricco?

I wouldn't do anything all day long.

I would travel all over the world.

I would give half of my money to the poor. *the poor* = i poveri

I would buy a huge villa for my uncles in Avellino.

My life would be a long holiday.

I would eat out at restaurant every day.

La costruzione *IF I WERE YOU,...*
Se io fossi (in) te,...

...I would buy a lot of cats.

...I wouldn't take this bus.

...I would go to Avellino.

...I would eat that ice-cream.

...I would visit that museum.
