

Spring Is Coming...

1. Read the text and choose True (T) or False (F) statements:

Hi! My name is Helen and I'd like to tell you about my favourite season. It is spring, of course. Three spring months are very different. March is often cool and windy. April is the shortest of the three months and it is rainy sometimes. May is the warmest of all the three months and the most beautiful. The days are longer now and the nights are shorter.

Look through the window. What do you see? The sky is blue. The sun shines brightly and everything is bright and colourful. Snow melts and the birds return from the south countries. The first grass appears. We can see the spring flowers everywhere: tender snowdrops, yellow daffodils, tulips of different colours. The first green leaves appear from the buds. They are tiny at first and they glitter in the sun. All the spring colours are very bright.

Spring is also the favourite season for gardeners. They prepare the land for planting the seeds of vegetables and flowers. They water the trees, the bushes and the plants.

Spring is also the season when we all celebrate the greatest holiday - Easter.

True or False: 1. Spring is Helen's favourite season.

2. Spring months are February, March and April.

3. It is usually cold in spring.

4. There are no flowers in spring.

5. The gardeners have a lot of work to do in spring.

2. Learn the poem:

Spring

Spring, spring is
coming soon,
Grass is green and
flowers bloom,
Birds returning from
the south,
Bees are buzzing
all about,
Leaves are budding
everywhere,
Spring, spring is
finally here!

March

March is an in between month,
When wintry winds are high.
But milder days remind us all,
Spring's coming by and by.

April

April is a rainbow month,
Of sudden springtime showers.
Bright with golden daffodils
and lots of pretty flowers.

May

May's a month of happy sounds,
The hum of buzzing bees,
The chirp of little baby birds
And the song of a gentle breeze.
